Student Feedback on Management

This report presents a comprehensive analysis of student feedback on various aspects of the management at the college. The data was gathered from students across different semesters and courses, reflecting their perspective on the: availability of book in the library, availability of reading room in the college, computer room facilities, availability of text books, if the grievance cell is active in the college, sports facilities in college, service of the college canteen, environment of the common room, drinking water facility, first aid facility, The feedback was collected from 959 students representing different semesters.

1. Availability of books in the library

With 43.9% of the student's response was moderate, 20.3% of the students' response was to great extent to the availability of books. While 20.1% of the students responded to somewhat availability of the books. This data shows that library is quite efficient in the college.

2. Proper Reading room environment in the college

44.5% of the student's response was moderate, whereas 27.6% agreed with great satisfaction, 16.4% of the student's response was on somewhat satisfied category and 8.9% of the student's response was very little. This figure shows that the reading room environment is good but it could be better.

3. Computer Facilities in College

42% of the student's response was moderate, 19.8% of the students responded to great satisfaction whereas 21.4% of the students was somewhat satisfied. This data shows that the computer facilities in the college needs to be improved.

4. Availability of text books

35.1% of the students agreed that the books are often available, 28.3% agreed that that books are always available, 23.1% student's response was sometimes available and 10% of the students response was rarely available. This data shows that the college has good number of text books but it needs to add more books.

33.5% of students agreed that the college grievance cell is often active whereas 25% of the students agreed on the grievance cell being always active and 24.2% of the students agreed on the grievance cell active only sometimes and the remaining 12.2% saying that it is rarely active. This figure shows that the college grievance is doing its work efficiently but could be better.

6. Sports Facilities in College

37.5% of the students responded that the sports facility of the college is always available. 32.1% of the students agreed that the sports facility is often available. 19.7% of the students agreed that it is sometimes available. This data shows that the college has a good availability of the sports facility to the students.

7. College Canteen Service

47.8% of the students agreed that the service of the college canteen is good, whereas 24.4% of the students agreed with canteen having a very good service. 13.2% of the students agreed that the canteen service is excellent. This data shows that the college has good canteen service.

8. Environment of the Common Room

45% of the student's responded that the environment of the common room is good. 21.9% of the student's responded that it is very good whereas 13% of the student's agreed on it being excellent. While 9% of the students considered it to be poor. The data shows that the college common room is efficient but it needs to be improved.

9. Drinking Water Service in College

30% of the student's responded that the drinking water service is good, whereas 30.7% of the students responded with very good and 31.9% students responded that it is excellent. Therefore this data indicates that the water service in college is excellent.

10. First Aid Facility in the College
